

OVERVIEW AGENDA

Charting the course: exploring the past, present, and future of AMD

Tuesday, Oct 20 - Mapping the present

8:30am – 4:30pm

1. The great voyage of AMD

- Opening remarks
- Keynote presentation

2. Adventures in collaboration

- Genomics case studies
- Cross-silo liaison panel

3. Diving in: Concurrent breakout sessions

- Laboratory track: hybrid capture & amplicon-based approaches
- Bioinformatics track: Nextflow & containerization
- Epidemiology track: sampling design & data interpretation

4. Waypoints of innovation

- Lightning talks of emerging concepts & practices
-

Wednesday, Oct 21 - Navigating the future

8:30am – 4:00pm

1. Building tomorrow's harbor

- Future-proofing AMD programs
- Practical integration of genomic epidemiology into existing workflows

2. Tools for the next journey

- AMD Platform overview and demonstration
- Open Q&A: AMD Platform

3. Into the unknown

- Collaborative tabletop exercise

4. Plotting your next coordinates

- Closing reflections & recap
- Feedback and evaluation
- Concluding remarks

MIDWEST AMD
SYMPOSIUM & WORKSHOP
